About The Area

Brynhyfryd, translates from Welsh as Beautiful Hill, and is certainly true - arguably one of the most spectacular locations in Llangollen - nestled 1.8 miles (just 7 min drive) from the pretty town itself, the registered small holding of 6.65 acres (estimated), has stunning views across the valley, castle Dinas Bran - and the property fields overlook the Berwyn mountains, river Dee, chain bridge and Berwyn steam railway.

Location/Land - Sunny, amazing views from fields with direct access to walks, inc the Clwydian Way footpath that runs directly behind the property and above Valley Crucis Abbey. Dinas Bran school is just down Dinbren road, where there is also a good public gym.

Overview

Briefly the property is quietly set back from any main roads - up an unsurfaced farm driveway - consisting of a traditional detached period house together with outbuildings. Substantial and gorgeous barns with all the exposed timbers and a single storey holiday cottage/annexe with views across the fields. With separate access to the annexe and also potentially to the barn, if the property were to be developed to take advantage of the business potential, access for guests could be kept separate to the main house providing privacy.

The property is a registered small-holding and offers the buyer a fantastic opportunity to grow their own produce and keep livestock and would be great for those wanting to be self-sufficient. The property is also perfectly suited to those looking for the equestrian lifestyle with well situated, well drained land and potential for stabling.

The main house. Traditional detached period house, stone beneath a slate roof, with internally some of the timbers and oak panelling suggest some parts could be as old as 16 century, but certainly 17 century onwards. The house has lots of exposed beams providing lots of character, very large open fireplace to the sitting room, and stove to the dining room. Floors are a mix of timber and old slate. Four bedrooms, the master with Juliet balcony with views over the front gardens, fields and far hillside stretching out all around - has a distinct romance about it.

About The Services

The central heating system/hot water is oil and recently updated to latest efficient Worcester Bosch Boiler in late 2022 with new radiators throughout, controlled remotely by the Hive system and an app. The property has registered title of small holding.

Water supply is off the shared private natural supply - with filtration and uv light.

Drainage/sewage is via a septic tank and soak away.

Fast fibre broadband is available up to house - just not connected. The Neighbour is connected.
