Description

A beautiful, South-facing, traditional country cottage with attractive views over the surrounding Welsh countryside, but, with all the comfort and advantages of modern technology. Much improved in recent years with all windows and doors replaced in 2020 with modern double-glazed units that blend in with the traditional nature of the cottage and additional electric underfloor heating fitted in the living room, dining room and stunning conservatory. Now added to with a £50,000 Green Retrofit to reduce energy usage, emissions and costs. Internal Wall Insulation on all external walls and upper ceilings, keeping heat in and sound out. An Air Source Heat Pump System, with all new copper pipework, hot water cylinder, and radiators uprated to provide constant Eco-Friendly warmth. Solar Power provides much free electricity to the home, while still selling its surplus to the energy company. Electro/mechanical ventilation in the bathroom and kitchen, and trickle vents in other windows. The whole cottage was totally and tastefully redecorated, and new carpets were fitted on stairs/landing and upper floors. This beautiful home is a south-facing end terrace of just three properties, with one other detached property, with attractive views over the surrounding countryside, and a lovely mature garden on three sides containing a large log cabin and comfortable outdoor seating area. Situated on the A525, Wrexham to Whitchurch road with Bangor-on-Dee Village only one mile away, Marchwiel Village two miles away and ten minutes from the town of Wrexham, 30 minutes to Chester, and one hour to Liverpool or Manchester. The solid brick/tile-roofed property was built in 1910 on a total plot of approximately 400 sq metres and consists of Two Bedrooms, One Bathroom, Gallery Landing, a Living Room, Dining Room, Kitchen and Conservatory. Fitted wardrobes in both bedrooms. Modern bath and bathroom units. A new shower just installed.
