High Barn is located in beautiful countryside with many varied walks and cycle routes starting straight from the front door. Offa's Dyke long distance path is nearby. There are a number of both Primary and Secondary schools in the area and Oswestry has the benefit of a health centre and minor injuries drop in centre.

## About the Renovation

High Barn won the rarely awarded "Full Award" from Oswestry and District Civic Society in 2018, a year after completion. The Society views all completed projects in a large area, and rewards architectural merit. They commented: "What impressed the Assessors was both the attention to detail that the owners have ensured but also the level of craftsmanship applied throughout the whole building. The creation of a very spacious and well worked home from a redundant agricultural building is an exemplar for others to follow. Details of particularly high quality are: the random slating of the roof, the retention of the original beams and trusses; internal plastering and use of appropriate materials."
